Nestled **in the heart of the Causses du Quercy Regional Natural Park**, the Grand Couvent is more than just a charming building; it remains the global headquarters of the Sisters of Notre-Dame du Calvaire.

Witness to 150 years of history, faith, and religious life, it is a vibrant place open to the world, thanks to the Sisters' decision in 2015 to create a ***** hotel with 39 rooms, a restaurant area, and conference and meeting rooms**, with the largest accommodating up to 180 people alongside 5 adjoining rooms.

At the Grand Couvent, past and present intertwine to create a welcoming, calming, and inspiring atmosphere—an ideal setting for **organizing your professional events** : congresses, seminars, conferences, as well as cultural activities such as orchestra workshops, masterclasses, and concerts, close to the Sisters' living quarters.

Work and reception **spaces equipped with Wi-Fi and video technology**, adaptable to meet your event's requirements. **Outdoor spaces** such as the cloister, garden, and park are ideal for relaxation, focus, and introspection.

Lastly, you can personalize your event with the services and range of activities offered by our partners, who will craft a custom, turnkey program for you.

HOST A RECEPTION AT THE GRAND COUVENT

Within the Grand Couvent of Gramat lies an old building commonly referred to as "The Farm". Built in the late 19th century, it was used to house animals, store hay and straw, and enable the Sisters to live self-sufficiently.

The transformation of The Farm into a reception hall includes numerous additional services.

- On-site kitchens for freshly prepared meals and quality service
- Sanitary facilities adapted for people with reduced mobility
- Seating capacity for 120 people / Buffet and standing service options
- An outdoor area that can serve as a terrace.
- A parking area accommodating about twenty vehicles

The Farm was restored with respect for the site's heritage, notably preserving the stone flooring of the washhouse in a typical Quercy style. It is surrounded by gardens and a 10-hectare park, ideal for walks, all while respecting the Sisters' living space.
